Safe Summer Internet Sites for Kids

Art Games Kids from 4 to 12 will have a blast creating their own masterpieces and playing art-spirational games.

DOGOnews Kids can catch up on current events with news stories written just for children.

Funbrain This site offers great games, books and comics for grade school aged kids.

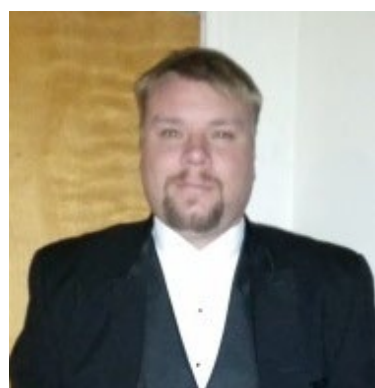

KidsReads This is the perfect place for your book worm-in-training to nerd out. It's chalk full of kids books reviews, articles, contests and author spotlights. NASA Kids' Club Junior astronauts will have a blast exploring this fun and exciting website.

National Geographic Kids It's the next-best thing to taking your own trip around the world.

PBS Kids There are lots fun and educational games and activities for kids on the PBS website.

Science Bob Your go-to site for all things science and science fair.

Starfall This is a great site for early readers and understanding phonics.

I went from 7Mb for \$75 a month with a previous provider and switched to Yucca Fiber Gigabit for \$100 per month. The increase in speed is phenomenal. Yucca has filled the needs of my family and we are just extremely happy with the service overall. Thank you Yucca Telecom
